

Ruth Inman

HAPPY NEW YEAR!!

Now that the new year is underway and we're having such lovely weather for a January I thought I'd throw caution to the wind and schedule a few classes!

I still have a list of 'other' workshops that I am willing to schedule and they are listed on the [Workshops](#) page of my website with sample pictures.

The Scheduled classes are listed at the top of that page also as "**Upcoming Workshops**" - if you click on the titles, you will go to the Information and signup page providing more details. Or you can see them Right Here (below)

- [Snowman Paint](#) (Jan 17)
- [Altered Board Books](#) (Jan 24)
- [Color Mixing](#) (Jan 25)
- [Heart Month - Let's make Cards!](#) (Feb 7th)
- [Art Journal Pages](#) (Feb 8th) 10am -OR- 1pm

Or... if you prefer staying home

You might try "**Zoom Art**" which is available online from the comfort of your home.

We meet on Zoom 4-5 times per month. The dates are [listed on the website](#) along with an "Overall List" of supplies you might need from time to time. You don't need all of them at once. I always email you with a list of what's needed for the current project. This month we are altering children's "Board Books" so there is a list under the dates of what we are using for that.

The meeting dates are usually every OTHER week, on Tuesdays and Thursdays but you can see the [exact dates here](#).

Cost? Very Low! \$25 per month covers all 4 or 5 sessions. That's approximately \$6 per session! Each session is between 1 - 1.5 hrs long. I doubt you'll find a better deal.

If you are looking for individual classes in watercolor or acrylic painting, please [email me](#) and let's talk!

Here are a couple new pieces available from my
Winter Art Series

WINTER

You received this email because you signed previously up as being Interested in art or classes. I realize interests change so my feelings won't be hurt if you are no longer interested. Obviously I'd love it if you stayed, but I'd rather you unsubscribe than be seeing this in your inbox as more things you don't care about. so...
